OPPORTUNITIES

Applications are open for the Master in European Economic Governance organised by SEP

The Master in European Economic Governance (MEEG) aims to train full-fledged economists and experts in the field of European regulation and policy. Technical and analytical competencies acquired through the program are intended to form professionals with a comprehensive understanding of the European regulatory framework, who are adept at managing relations between national institutions, companies, and European institutions

WORKING PAPER

P. Benigno: A Central Bank Theory of Price Level Determination-

A theory in which the central bank controls the price level is put forward as an alternative to the fiscal theory of the price level

POLICY BRIEFS

C. Bastasin: Inventing Europe's Soft and Hard Powers - Europe, which is already dealing with the consequences of Brexit, is now confronted with an unprecedented situation where its main ally could turn much less cooperative than ever before in the past

C. Bastasin: Optimism Across the Rhine - Although French and German growth rates have been more or less similar, political sentiments in the two countries could not be more different

V. Termini: A Strategic Vision for Gas - The EastMed agreement is of extraordinary significance as it re-affirms that the resources of the eastern Mediterranean are at the core of EU economic and political interests at a time of great difficulty and geopolitical tensions

IN THE PRESS

May 31, 2017 - *La Repubblica* published an editorial by SEP Director Professor **Marcello Messori** in which he discusses how Unicredit

Agreement
